

DYMO®**Printable Postage
Sheets by Endicia****JUST PRINT, PEEL AND POST!
NO WASTED POSTAGE – PRINT PRECISE AMOUNTS.**

Print U.S. postage on a PC or Mac, with no-monthly fee*. All you need is DYMO® Printable Postage Sheets**, a laser or ink jet printer and an Internet connection to get started.

DYMO® Printable Postage is a quick and easy solution for Internet postage printing – it saves time and reduces costs all from the comfort of your desk!

**WHAT ARE MY BENEFITS?**

Convenience – Print postage any day and time. No need to wait for the Post Office™ to open. No special equipment required.

Accurate – Always know the right postage amount and avoid wasting money by overpaying.

Savings – To date, no other competitor offers a similar no-monthly fee Internet postage software service.

Credible – US Postal Service® - approved.

**Print No-Monthly-Fee*
USPS® - Approved Postage
with DYMO Printable
Postage Sheets****WHAT CAN I MAIL?**

- First-Class Mail® 1-13oz : Postcard, Letter, Large Envelope and Package
- Priority Mail®: Flat Rate Envelope, small, medium or large Flat Rate Box
- Express Mail®: Flat Rate Envelope
- First-Class Mail® International 1oz: Postcard, Letter, Large Envelope and Package
- Print \$0.02 Additional Postage – when rates change, you are covered!

How is Internet Postage Easier?

- ✓ The U.S. Postal Service® has announced price changes every year since 2006. With DYMO® Printable Postage, you are kept up-to-date with the latest price changes without ever leaving your desk.
- ✓ Print additional postage to cover the cost of mailing with an out of date postage stamp.
- ✓ DYMO Printable Postage Sheets are designed for flexibility. If you have multiple postage rates you need to print - no worries. Simply select the postage label or labels on the software by clicking and dragging. Choose the type of mail and postage class and repeat as needed.

REQUIREMENTS FOR GETTING STARTED:

- DYMO Printable Postage Sheets
- DYMO Printable Postage Sheets Account
- Internet connection
- Standard laser or ink jet printer
- Works with PC or Mac (Mac OS X 10.3.9 or greater - Windows 2000, XP, Vista)

How Do I Get Started?

1. After purchasing the DYMO Printable Postage Sheets from your local office supplier, download and install the software.
2. Follow the installation instructions to create your no-fee account. Since there is no monthly fee or commitment you can stop using the account anytime.
3. Print postage right from your desk! - You can print postage anytime and add money to the postage account on an as needed basis.
